Battery Hockey Academy
Brad Spradlin, GM
November 2, 2022

**Battery Family,**

Even though our fall season is just beginning, we have started work on the 2023 Spring/Summer schedule. We are excited to announce a new partnership between the Battery Hockey Academy and Sbarro. Sbarro will be our sponsor for the entirety of the 2023 Spring/Summer hockey season!

"We are excited to partner with Sbarro to deliver an unmatched spring hockey experience for our customers," said Cam Atkinson. "There is nothing more important to Sbarro than families. That is demonstrated in the organizations and causes that they support. I speak for our entire ownership group when I say how proud we are to team with Sbarro."

Sbarro is an international company with over 600 locations in 26 countries. Headquartered here in Columbus, Sbarro is heavily involved in local programs and excited to reach out into the hockey community with The Battery Hockey Academy.

The Battery was founded in 2018 by a group of hockey parents and former Columbus Blue Jacket, Cam Atkinson. The Battery was designed to offer exceptional development training to all hockey players in Ohio. To date, the Battery has trained and coached over 7,500 individual youth athletes and our teams are currently ranked Top 10 in the country. Our Spring/Summer tournament teams reach 600 athletes from 43 states and will participate in 14 high profile tournaments.

This partnership is a perfect way for our traveling summer hockey families to connect with a local business that can be found along each highway and in each city that we visit. Our summer teams will re-brand under the name Battery Sbarro Elite for the 2023 Spring/Summer season and will proudly sport the Sbarro logo and name.
