PoliLam

As you journey with us through the pages of our collection, we want our passion for design, interiors, and life to resonate and inspire. At PoliLam, we recognize that our surroundings have the power to energize, to motivate, to calm, and to comfort us. We understand that the only approach to true design is to get out into the world and experience it for ourselves.

The world—including the world of laminates—is changing. At PoliLam, we strive to be innovators in our industry. We create a quality and design-driven product, with as little environmental impact as possible. We take pride in carefully researching and selecting each of our exclusive designs. We marvel at nature's wonders, and we recreate what we see without diminishing it.

At the core of our philosophy is a focus on three things: the importance of color to generate emotion; the importance of texture to emphasize quality; and the importance of culture to bring it all together.

Color. Texture. Culture.

Additonal Safety for Interiors

Our LAVA Board has a Class A fire rating. It guarantees to protect your interiors from one of nature's most destructive elements.

In addition to LAVA Board's certified safety feature, our collection emphasizes sleek, practical, and contemporary design. Our non-combustible, fireproof wall panel is the perfect solution for those spaces that need it most: hospitals, schools, restaurants, and more.

A wise man would never underestimate the power of Mother Nature.

- Fire Protection Properties
- Very Low Levels of Swelling Properties
- Formats up to 1200 x 2400mm, 1200 x 3020mm
- 4.5mm and 8mm Thickness
- Dimensionally Stable and Rigid
- Considerable Design Freedom

LAVA Board is available in textures VF LA FM
