- Configurable leather lounge furniture, cocktail tables & bar stools
- Located in downtown Austin blocks away from hotels, restaurants, and the convention center

DESIGN OVERVIEW

The entire venue has an "Elegant Industrial" feel, with exposed brick walls, steel accents, copper bars and concrete floors.

Vulcan Gas Company is comprised of two floors and two bars, the larger bar is centrally located in the front room of the first floor. The upstairs floor has wrap-around balcony overlooking the main stage and dance area and an outdoor patio above the building entrance with a view of downtown.

The venue also has several skylights and 28ft ceilings that allow daytime natural light if needed.

Vulcan Gas Company has the ability to transform the space to meet the needs of any show. Curtains are used to divide the downstairs bar from the main area. Our high-end cocktail tables and leather couches can be used throughout the first and second floor to create intimate seating areas for VIP and bottle service.

BAR SERVICE & CATERING

Vulcan Gas Company offers a full range of spirits, beer and wine. Our knowledgeable bar staff will work with clients to create a customized bar experience.

In house catering company Dash Catering provides delicious menu options for plated dinners, o'dourves, and cocktail receptions. In addition to Dash we also work with several other caters including:

Word of Mouth Catering
Pink Avocado
Rosemary's Catering
Austin Catering
Alfred's Catering
Primizie

First Place: Best Club Lighting

Second Place: Best Club Sound

Third Place: Best New Club

TESTIMONIALS

"My husband and I had a truly incredible rehearsal dinner at the Vulcan Gas Company with 125 guests. The space catered to a perfect flow for the evening, as we were able to enjoy the upstairs balcony/outdoor space for cocktails and mariachi, and the downstairs space for a sit down dinner with open bar service. The venue has beautiful design elements throughout, and an ambiance that wonderfully suits a special private gathering. The space itself, as well as providing excellent furniture and service, made the experience turnkey. We were able to completely enjoy the evening, as the staff went above and beyond in their service and planning. The downtown entertainment district location was perfect so our guests could enjoy an upscale private event in the heart of the Austin action."

-Mandy Torres for her wedding rehearsal dinner
