LOVE MOVES. HOPE HEALS.

Marcos is looking for his forever family!

Marcos is a kind, quiet and athletic young man. Marcos would describe himself as "strong, smart and funny." He loves quality time, sports, school and people he cares about. Marcos hopes to one day play basketball and football for his high school. His favorite teams are the Cardinals, Suns and Diamondbacks. He also likes the Dodgers and the Ravens.

Marcos loves going on quick outings to Chick-fil-A or Olive Garden, where his favorite meals are the classic chicken sandwich or some pasta.

Marcos is looking for a family who is kind, caring and understanding. Marcos will do best in a family that is patient, understanding and will take the time to spend with him on his terms. He does well with other kids and would also do well being the only child in the home. Marcos would do well with a family that has both a mom and dad or just a single mom or dad. He will do well in a family that is able to provide him with a lot of care, structure and love.
