Affinity Clustering

Meetings

Too many meetings per day

Meetings often go longer than planned

Merge multiple meetings into weekly standup meeting

Roles / Responsibility

Very helpful that we have an office manager now

Roles are not 100% clear

Clear roles -> Easier to distribute work

Communication

We could communicate more async

Everyone responds very quickly

Questions always get answered

Pitches

We lost two pitches, because of to broad scopes

Awesome, that we got that NGO on board

Would it make sense to standartise pitch decks?

Team Events

Loved going inline skating with the you all :)

Let's plan something great for Christmas

Preparing lunch together as a team
