A Connected Easter Adventure

Experience a harmonious fusion of sublime safari lodges and explorer-style tented safari camps for the ultimate 8-day Easter holiday circuit through northern Tanzania.

The Itinerary

The Easter holidays present the perfect time to celebrate family by embarking on the adventure of a lifetime amid the untamed wilderness of northern Tanzania. Chem Chem Safaris and Legendary Expeditions have teamed up to create a safari that gives guests access to the unspoiled wilderness of exclusive-use concessions. With a dedicated vehicle and private guide, enjoy the complete freedom to follow where nature leads as you curate your own unscripted experience. And, in the spirit of Easter, there'll be some fantastic feasting, family-friendly fun and treasure hunting waiting for you.

Day 1:

Legendary Lodge, Arusha

Your Connected Adventure begins at Legendary Lodge, a sanctuary set within the sprawling tropical gardens of a historical coffee plantation on the foothills of Mount Meru. The spacious garden cottages offer a secluded setting to take a moment and prepare for your upcoming safari adventure. Here you're invited to relax, unwind and make the most of the lodge's many amenities such as the pool and spa.

Day 2:

Nyasi Migrational Camp, southern Serengeti

Swapping tropical gardens for the plains of the southern Serengeti, the next destination on your itinerary is Nyasi Migrational Camp, where you'll enjoy front-row viewing of one of nature's greatest spectacles: the Great Migration. Discover a home away from home amid the sweeping savannahs at this explorer-inspired tented camp which immerses you in nature — without compromising on creature comforts.

Day 3:

Nyasi Migrational Camp, southern Serengeti

Nyasi's location on our exclusive-use concession, Maswa, puts you on the fringe of the southern-most reaches of the Serengeti National Park, where you'll enjoy the best of both worlds: access to the vast open swathes of the Serengeti as well as the opportunity to explore our tourist-free concession. Here, you can embark on exciting activities that aren't on offer in national parks too, including night game drives and authentic cultural visits to a Datoga village.

Day 4:

Nyasi Migrational Camp, southern Serengeti

Greet the rising sun from your east-facing tent before you embark on an early-morning expedition to explore the vast savannahs of the southern Serengeti. Traverse great tracts of wilderness as you track vast herds of migrating wildebeest with your guide — and keep your eyes peeled for the predators that follow them. Return for a gourmet family-style lunch and a laid-back afternoon spent at your leisure. After all, this adventure is yours to script.

The Itinerary

Day 5:

Nyasi Migrational Camp, southern Serengeti

Head out on another drive to navigate yet-unexplored corners of the great grassy plains with your guide — spotting game as you go. Before stopping under the shade of an acacia for a delicious lunch. Settle down for some family time and let the kids get creative with the camp's arts and crafts box, or just take a moment to soak up the scenery that surrounds the camp. End your day on a high note around a bonfire with a toast to the sunset as it disappears over the horizon.

Day 6:

Chem Chem Lodge, Burunge WMA

Your next stop is Chem Chem Lodge, a palm-fringed haven bordered by Lake Manyara to the west and Tarangire National Park to the east . This design-led lodge embodies relaxed sophistication down to the smallest hand-carved detail, and it's here that you'll learn the art of slow safari: spending days at your leisure, exploring at your own pace before retiring to your spacious tented suite for a rejuvenating night's sleep.

Day 7:

Chem Chem Lodge, Burunge WMA

Culture is core to Chem Chem's ethos and you're invited to celebrate the Maasai's vibrant way of life by taking a moment to discover this precious wilderness through the eyes of those who have lived and breathed it for centuries. Learn about the medicinal qualities of local plants on Maasai-led nature walks, test your endurance with a morning wilderness run alongside a warrior or visit the local Maasai village for a glimpse into their daily life.

Day 8:

Chem Chem Lodge, Burunge WMA

Tranquility and total relaxation amid Tanzania's magnificent wilderness define the Chem Chem experience. As your Connected Adventure comes to a close, spend your last day with memorable excursions, interspersed with quiet moments, from gourmet al fresco dining to lounging poolside with your family or indulging in sumptuous treatments at the spa. Bid farewell to Tanzania's majestic wilderness with spectacular sundowners on the shores of Lake Manyara as you prepare for your journey onward.
