

**Tibor Lovas**  
Product Designer

## **Product Design Lead at Screamingbox**

Nov 2014 - Present

I work with remote and on-site teams of product owners, designers and engineers to create proof of concepts for startups (Aptatek Biosciences, Partender) and large companies (Mercedes Benz HQ, Daimler). This workflow includes a lot of planning, communication, prototyping, testing and presentation.

## **Design Lead at Gooten**

Dec 2012 to Sep 2016

I created prototypes, application concepts, manuals and guide-lines. I maintained visual assets across all teams, provided them with a vision of project objectives while I helped to keep the design team focused and motivated.

## **University of Economics in Bratislava**

2004 - 2006

Incomplete degree of Accounting, Trade Informatics and Quantitative Methods in Business

## **UI Designer at Odyzeo**

Aug 2012 - Oct 2012

I created functional prototypes based on wireframes and I designed production ready mockups.

## **High School of Electrical Engineering**

2000 - 2004

Communication Technology and Computing

## **Motion Designer at TA3 TV**

Jul 2005 - Apr 2007

I created static and dynamic infographics for news, sport scores and TV commercials.
