DLO ANNOUNCES NANO FLING FASHION CASES FOR IPOD NANO

DLO nano flings in pink and silver feature a removable wristlet strap, headphone storage loop and a flip-up cosmetic mirror. The DLO nano flings are available at Apple Retail Stores and online at US \$29.99. DLO products are distributed in Canada by Erikson Consumer.

NIKON 10X ZOOM COOLPIX S4

Swivel-mounted lens captures all angles. The powerful, swivel-mounted 10x Zoom-Nikkor lens puts the COOLPIX S4 at the head of its class for creative and compositional versatility. Its outstanding 38-380mm performance (35mm equivalent) gives you the freedom to capture everything from extreme close-ups to architecture and panoramic landscapes. The COOLPIX S4 is now available with an MSRP's of \$499.95.

With its breakthrough \$7,500 suggested retail price, the new **MARANTZ VP8600** high-definition DLP projector is ideal for "budget" custom installations and do-it-yourself home theatre builders who want reference-quality video performance at a reduced overall cost. The VP8600's extremely quiet operation adds to its appeal in lower-cost installations, where budget constraints often prohibit enclosure of the projector in either a separate room or sound-proofed box. For more information contact Marantz Canada at 905-415-9292 www.marantz.com

SIRIUS CANADA APPOINTS ERIKSON CONSUMER AS EXCLUSIVE CANADIAN DISTRIBUTOR FOR SIRIUS SATELLITE RADIO PRODUCTS

SIRIUS Canada has appointed Erikson Consumer as the exclusive Canadian distributor for SIRIUS satellite radio products. SIRIUS Canada's initial product line-up will feature the Sirius One and the Starmate "plug-and-play" devices. For 20 years Erikson Consumer has been one of Canada's leading distributors of consumer electronics and responsible for the distribution of some of the top brands in consumer audio electronics including JBL, Infinity, Harman Kardon, DLO, Blaupunkt, Ultimate and Bassworx.

DAYMEN APPOINTED EXCLUSIVE CANADIAN DISTRIBUTOR OF HOYA FILTERS

Every photo buff can attest of the quality of Hoya filters and we can only be pleased to see they're now back in Canada. Daymen will likely offer the three levels of performance filters: standard, multi-coated and super-multicoated with 5 layers of anti-reflective coating and a transparent easy-clean top coat. These coatings reduce light reflections to an average of just 0.3%...the lowest reflective rate on the market..

MICROBAN FROM FELLOWE'S

In a recent study, researchers found that the average desk has 400 times more bacteria than the average toilet seat. As a solution, Fellowe's offers accessories like keyboards and mice featuring Microban antimicrobial product protection. The continuous protection is built-in so it won't wash off or wear away.

LOWEPRO DEVELOPS ANOTHER INDUSTRY FIRST

A split level backpack combines waterproof camera protection with personal storage and a hydration system to create a perfect solution for any outdoor adventure. "The DryZone Rover backpack is the most versatile backpack for protecting digital imaging equipment available today," said Uwe Mummenhoff, President of Lowepro.
