## Stage Plan

### Stage Notes

- Front of stage power needed stage center and stage left
- Summoner's Circle will provide our own water vapor based fog machine if in-house fog/haze is not available (for venues that allow fog/haze).

### Lighting Notes

- No strobes
- Cool colors - blues, greens, yellows, etc. No red.

### Performance Notes

- Summoner's Circle will select a fan before the show that will accompany the band on stage during our intro to participate in a mock human sacrifice. This person will need access to the back/side stage area to enter with the band. Once the sacrifice is completed the participant will return to the crowd and will not need any back or side stage access.
