

BODY INTELLIGENCE PILATES STUDIO UPDATE

The Body Intelligence Team has made the difficult decision to close the studio from today **23rd March 2020**.

All face to face sessions are cancelled until further notice.

We understand that everyone is adjusting to an uncertain environment and our thoughts are with you during this difficult time.

Our team will be getting together (virtually!) to discuss our plans moving forward. We are keen to keep the Body Intel community connected and support one another.

We appreciate your patience as we work on alternate options to keep you moving which we'll announce in the coming days.

@body_intel
