Each year, the Academy conducts interviews and if applicable may receive reports from local law enforcement agencies with regards to crimes that occur on campus.

Reporting Crimes and Emergencies

Community members are strongly encouraged to immediately report criminal or suspicious activity and emergencies occurring on Academy property to the Campus Director at each individual campus or to the Main Office for non-emergencies and by dialing 911 in the case of an emergency.

If you are the victim of a crime and do not wish to pursue action within the Academy or criminal justice system, you are encouraged to consider making a confidential report to the Director of Student Services at the Main Office. Your report may provide valuable information that can enhance community safety by providing a more accurate picture of campus crime.

In the event of a serious or emergency situation which poses an immediate threat to the health or safety of the campus community, a campus-wide verbal notification will be made to all persons on campus and in writing to any employees or students known to be off-campus, unless issuing a notification will, in the judgment of the responding authorities, compromise the efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

Emergency Guide

Active Shooter

If you see or hear an active shooter on campus, immediately contact Campus Security by dialing 911. Do not approach the person with the weapon. Remain calm and only leave the area if it is safe and advise others to do the same. If it is possible, enter a classroom or a safe zone and secure the door. Close the windows, turn off the lights and stay low to the floor and away from the door. If the door does not lock, use barricades to help stop it from opening. Do not leave the area until you are instructed to do so by authorized personnel. Follow ALL instructions given to you by Campus Safety and/or other authorized personnel.

In the event that the threat is received by phone, keep talking to the caller as long as possible and listen carefully, try to gather any pertinent information that you can gather from the call. Follow ALL instructions that are given to you by Campus Safety and/ or authorized personnel. If evacuation is required, do so calmly and respond to your assigned meeting place so that an accurate count of the buildings occupants can be made.

Explosion

If there is an explosion, take immediate cover under the nearest tables, desks or other objects that will protect you from falling glass and debris. Do your best to stay calm and once it is safe to do so, evacuate the building and go to your assigned meeting place so that an accurate account of the building's occupants can be made. If others around you need assistance and you can SAFELY do so, assist them in exiting the building. Use caution when opening doors or exiting the windows of the building. As soon as possible, contact Campus Safety by dialing 911 and tell them as much information as possible including the location of the explosion, other locations in the building where injured people may be and any injuries you have observed. If you observe smoke or a fire and the alarm is not sounding, leave the building IMMEDIATELY and while doing so attempt to find the nearest pull station and activate the fire alarm if it is SAFE to do so. Close doors behind you if it is SAFE and POSSIBLE to do so. Shut down any hazardous operations quickly if it is SAFE to do so. If it is not safe to use the nearest exit, go to the next nearest available exit. Remain calm, and DO NOT RUN! Go to your building's assigned meeting area so that an accurate account of building occupants can be made. If you can do so, SAFELY assist any person(s) with disabilities with their evacuation. If you know anyone who may possibly be trapped in the building, notify Campus Safety and let them know the trapped person(s) last known location.

In the event of a lockdown, remain calm, lock your doors, close and lock your windows and shut blinds. If you can do so SAFELY inform others in your area of the lockdown. If someone needs assistance and you can do so SAFELY, help get them into the lockdown area. Be prepared to provide information on any medical or other special conditions that you may know about.

Sexual Assault

In the event that a student/staff member discloses that he/ she was the victim of a sexual assault, listen and do not be judgmental. This person is telling you because he/she trusts you. Reassure the student/staff member that what happened is not his/her fault and that he/she should do what is best for him/her. Offer options so that the victim can make an informed decision about what is best for him/her. Do not make his/her choice for him/her. Options can include:

- Report the assault to campus officials
- See a trained professional in the counseling center/sexual assault services.
- See a trained counselor at an off-campus victim service center Call a hotline to have questions answered.

Sexual Assault Prevention and Response

FFHA does not tolerate sex offenses in any form, including, but not limited to, sexual assault, sexual misconduct, harassment, exploitation, intimidation, battery, public indecency, or voyeurism. The Academy will make every effort to protect the victim, when possible. Students or employees found in violation of this policy while on school property or during school related activities, whether on or off grounds, may be subject to disciplinary action including dismissal. For further information on awareness and prevention of sexual misconduct, please see the school director. Reports of sex offenses may be made to the Campus Director, General Manager, Director of Student Services or school owner. A student who has been accused of a sex offense may seek assistance from Campus Director, General Manager, Director of Student Services or school owner.

Charges of sex offenses may be addressed both through FFHA administrative procedures and through the criminal justice system. Any criminal proceeding is entirely separate from administrative proceedings of FFHA.

Students or staff who may be experiencing sexual misconduct are encouraged to seek assistance from the Director of Student Services at the main office at 941-921-4877 or may also refer to the Reference Guide to Community Resources which is available on the FFHA website and in the catalog.

Police officers are trained in the proper identification, collection, and preservation of evidence, which is essential to the successful prosecution of most sex offenses. It is crucial that the police department be contacted as soon as possible. Prompt reporting of a criminal action to law enforcement may facilitate swift apprehension of the suspect, which may prevent further crimes, and provide the opportunity to have the incident recorded for more accurate statistical recording.

Victims of sexual assault should get to a safe place, call the police, and contact any school-related official or community assistance hotline. In an effort to assist authorities with successful prosecution, a victim of sexual assault should preserve evidence. For example: (do not eat or drink, wash, shower, go to the bathroom, or clean up).

If you do not wish to make a report to the police, you are encouraged to seek professional medical advice (although your health care provider may be legally required to report cases of suspected sexual or physical assault to law enforcement).

Students may have the option of changing their academic situations after an alleged sexual assault, if such changes are reasonably available.

A student or employee suspected of an alleged sex offense may be subject to both criminal prosecution and disciplinary action under FFHA Code of Conduct. Disciplinary action can be initiated even if criminal charges are not pursued. Both the accuser and the accused are entitled to the same opportunities to have others present during disciplinary proceedings, and both shall be informed of the outcome. Possible sanctions against the accused include, but are not limited to suspension, dismissal, change of campus.

Sex Offender Registry Information

The federal Campus Sex Crimes Prevention Act requires institutions of higher learning to issue a statement in their annual security report detailing where members of their campus community can obtain information concerning registered sex offenders. Information concerning registered sex offenders may be obtained by visiting <http://offender.fdle.state.fl.us/offender/homepage.do>. The Campus Sex Crimes Prevention Act also requires registered sex offenders to provide notice of their enrollment or employment (working or volunteering) at any institution of higher learning in the state where he/she resides. Further, state law may require sex offenders who reside on campus and all campus-affiliated sex offenders to register with campus law enforcement.

Campus Safety and Crime Prevention

The Academy actively participates in an effort to educate the campus community about crime awareness and personal safety. Information is provided at the time of application, enrollment, and orientation and also upon receipt of a student catalog and on the Academy website.

Knowing how to protect yourself and being aware of your environment are the best ways to prevent becoming a victim. A high percentage of crimes are the result of opportunity. Often individuals contribute to situational crimes by needlessly placing themselves or their property at risk. Crime will occur wherever there is opportunity, but prevention efforts can be effective in reducing these opportunities. You play an essential role in crime prevention efforts. Be cautious, careful, and alert to your own safety.

A secure environment is made possible through community involvement in crime prevention. The purpose of community crime prevention is to help you recognize your own vulnerability to crime and reduce your risk through preventative action and cooperation with authorities.
