Beyond Borders

Beyond Borders is a program that aims to empower learners to become independent, well-informed, and proactive individuals. By giving emphasis on enhancing their empathetic understanding and indulging them in social issues, the program intends to groom them as change-makers. Beyond Borders is a common platform for learners around the world for exploring and improving their potential through open communication, idea sharing, and exchange of cultural norms and values in an amicable environment.

Programs in August

Socratic Seminars

As we continue our collaboration, we remember the beginning days of our collaboration and the team members we started with. So this month, we took a trip down memory lane and worked with some of our older team members and facilitators during the Beyond Borders session. We collaborated with Sclar Kathmandu to empower high school students in Nepal. With hands-on activities, outdoor exercises, and brainstorming sessions, the students were engaged in enhancing their roles as leaders in their schools. We would like to thank Angirash Karki from Canopy Nepal for leading the collaboration and the session!

Similarly, a team of our older facilitators led a session on human rights that aimed to provide a safe environment for students to explore, analyze, and develop their opinions and values by explaining foundational human rights concepts. Students enjoyed learning academic content in fun ways- the photos below say it all!

Session with GHLF

We are back with sessions with GHLF team members! Global Healthy Living Foundation has supported ISLearning for two years, and we ensure that the team members meet our students in Nepal and the USA. The first session was led by Adam on personal hygiene. The grade 5 students enjoyed engaging with him and exploring the cultural differences in hygiene.

We have more sessions lined up for the months to come!

Way Forward in September

Katha Bunaun Session

We have planned one Katha Bunaun session every month, so we will also conduct one in September. This session will be themed around festivals since the festive season is starting soon in Nepal.

Socratic Seminar

We partner with schools and colleges for yearly programs. Within the partnership, we incorporate our programs like Socratic Seminars in the schools' calendars and yearly plans. We have sessions planned out in schools and colleges in September.

Culture Awareness Program

As the school year is drawing closer in the USA, the team in Nepal will now finalize the students for culture exchange and begin culture sensitization sessions. We also conduct sessions to aware students of different learning abilities, so they can empathize with their friends from Churchill more.

Budget

SNo.	Items	Rate	Quantity	Amount (US\$)
1	Socratic Seminar	\$250	2	\$500
2	Session with GHLF	\$150	1	\$150
3	Certificates	\$2	131	\$262
4	Travel & Communication	\$130	3	\$390
	TOTAL			\$1,302

Thank you for your interest in making a difference!
