21/22 STATUTORY BUDGET

REVENUE STATEMENT

In accordance with Section 172 of the local Government Regulation 2012 Council hereby states;

- Council does not levy rates as it does not have rateable land and as such, does not levy differential rates.
- Council does not levy special rates or charges for a joint government activity.
- Council does not have an adopted cost recovery fee methodology.
- The vast majority of commercial charges are based on commercial charge rates for labour and plant plus a reasonable mark-up on the landed cost of direct materials and supplies.
- Council levies utility charges and other charges as per the schedule of fees and charges and for other goods and services as provided. Council aims to recover the real cost of providing these services.
- Council does not propose to grant any concessions on utility charges and other charges that are levied during the financial year.
- Council has not resolved to limit any increases on utility charges and other charges.
