

An indoor map and wayfinding platform for your organization / business

PLATFORM FEATURES

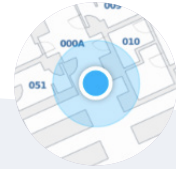

INDOOR MAP

We make good looking, interactive indoor maps

WAYFINDING

We show people where to go, from A to B

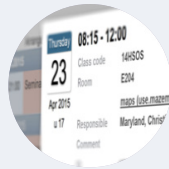

INDOOR POSITIONING

We integrate with indoor positioning systems

AUTOMATIC UPDATES

We make sure your maps stay up-to-date

SYSTEM INTEGRATION

We add value to existing systems with easy integration possibilities

CONTENT MANAGEMENT

We allow you to control and manage the data in your maps

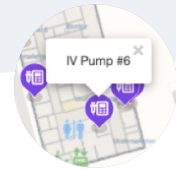

DEVELOPER APIS

Build more solutions on top of our maps

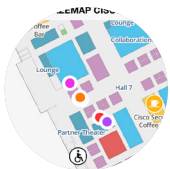

MAP EXPORT

Easily export map images for use in other contexts

IOT PLATFORM

Use MazeMap as your map platform for IoT projects

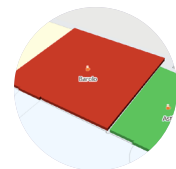

FIND MY FRIENDS

Locate colleagues and co-students in large spaces

PRIVATE MAPS

Password protected maps, not accessible for the general audience

MEETING ROOM VISUALISATION

Book meeting rooms intuitively and visualize capacity in real time

NAVIGATION FOR BLIND AND VISION IMPAIRED

Navigation optimized for the vision impaired using industry standards
