Organisation and procedure

Categories U9 & U11

The CIC ON Swiss Bike Cup for the categories U9 and U11 consists of 7 events. The winners are determined in skill parcours (**New: the winner is the child who has collected the most points in the parcours**) and in cross-country races. The race duration of the XCO races is approx. 4 - 8 minutes (U9) and 6 - 12 minutes (U11).

The winner is the one who has collected the most ranking points in both competitions. The course will be weighted 75%, the mass start race 25% in the U9 category and 50% course / 50% mass start race in the U11 category.

In the event of a tie, the following criteria will decide the day's winner.

1. the better result of the parcours
2. the better time from the mass start race.

The time required for the parcours is irrelevant if a mass start race is held.

The stage in Gränichen is an **exception** and is going to held only a Parcours. If only the Parcours can be carried out during a stage, the errors in the Parcours count first and the required time as the second criterion.

At the Urban Short Race in Lugano, on Sunday 21.05.2023, no U9 & U11 event will be held.

Parents and staff are not allowed to enter the parcours during the competition. Violation of this rule may result in a deduction of points.

The first 5 boys and 5 girls in each category will normally receive a prize.

Categories U13, U15 & U17

The CIC On Swiss Bike Cup for the categories U13, U15 and U17 consists of 8 events. The U13, U15 and U17 categories race on the Cross Country course with an approximate race duration (winning time) of 25 to 35 minutes (U13), 35 to 45 minutes (U15) and 45 to 55 minutes (U17). The Urban Short Race in Lugano is an exception. This will be held as a short race and will last a maximum of 20 minutes.

For the race in Crans Montana (Swiss Championships), only Swiss men and women are eligible to participate in the U17 category. The race counts towards the overall ranking of the Swiss Bike Cup.

The first 5 boys and 5 girls in each category usually receive a prize.

Regulations 2023

Fun Categories

The CIC On Swiss Bike Cup for the Fun categories consists of a total of 8 events, 7 Cross-Country races and one Urban Short Race (Lugano).

There are 5 categories: Fun Women, Fun Men, Fun Masters, Fun Seniors 1 and Fun Seniors 2. The Fun races are held for those born in 2006 and older and participants must not hold a race license.

The race in Lugano will be held as an Urban Short Race and will last a maximum of 20 minutes.

The race duration of the Cross-Country races (winning time) shall be between 45 and 60 minutes. The categories will be ranked separately.

The first 3 men and 3 women in each category will normally receive a prize in kind.

Licensed Categories

The CIC On Swiss Bike Cup for the elite categories consists of a total of 9 races. The CIC On Swiss Bike Cup for the Junior and Amateur/Masters categories consists of a total of 8 races.

The XCO and XCC Swiss Championships in Crans Montana do not count towards the overall classification. Elite and U23 start separately at the **XCO** Swiss Championships. At the **XCC** Swiss Championships they start together. The XCC Swiss Championships will only be held in the elite categories. The remaining license categories do not compete in XCC races. Only Swiss riders are eligible to participate in the Swiss Championships.

According to the UCI regulations, the following winning times are aimed for:

Cat. Juniors / Junior girls: 1:00 - 1:15 h

Cat. Elite women (incl. U23) / Elite men: 1:20 - 1:40 h

The XCC races will be limited to 20 minutes.

U23 riders with elite qualification will start in the category elite men/women, those men without elite qualification in the category amateurs/masters. A U23 ranking list will be kept and the top 3 will be honored.

Tech- and Feedzone:

The UCI regulations allow the exchange of material in marked zones. Everything except the frame may be changed (e.g. wheels). Food may only be accepted in the zones marked for this purpose. Anyone accepting food or material outside these zones may be disqualified!

Regulations 2023

Start Order

For the Kids and Fun categories, the starting line-up will be according to the current Cup intermediate ranking, provided they are correctly registered.

The girls will be lined up behind the boys, as a rule the girls will start about 1 -3 minutes later. In the parcours (cat. U9/U11) the leaders of the general classification start at the end.

In the first race (season opener), the 10 best in last year's CIC ON Swiss Bike Cup overall ranking can start at the front in the fun categories.

In the Kids categories, the 10 best per age group will be called up, then those who have collected at least 200 points in last year's CIC Swiss Bike Cup overall ranking will be called up, then according to the number of registrations received.

For the license categories the regulations of the UCI (Union Cycliste Internationale) apply. See www.uci.ch. Riders without UCI points will be called according to the current Swiss Cycling annual classification (top 20) and then according to the Cup classification.

At the start of the season, riders without UCI points will be placed in the same way as in the Kids and Fun categories (overall classification from the previous year or registration date). In the Juniors and Amateurs / Masters the top 10 of the youngest age group and the top 10 of the other age groups are seeded.

Leader's Jersey

In the Kids and Fun categories, the overall leaders will be dressed in the official CIC On Swiss Bike Cup Leader jersey after each race.

The licensed riders will also receive a leader jersey, printed with the team logo. The licensed riders are obliged to wear the leader's jersey at further starts in the CIC On Swiss Bike Cup.

In the event of a tie, the athlete with the better result in the last race will receive the leader's jersey.
