WORK

UX Consultant at Virtusa

May 2019 - Present

I am responsible for managing the end-to-end design process of multiple account opening products on the responsive web platform at the PNC Bank. I created:

- Shared Design System
- Low-fi and High-fi Wireframes
- Interactive Prototypes
- Usability Testing Plans and Materials

Product Designer for Allscripts (Contract)

Jan 2018 - Aug 2018 | 8 months

I designed a web application focused on streamlining the EHR implementation and configuration with the client hospitals. I led the design process by creating:

- Storyboards
- Low-fi and High-fi Wireframes
- Interactive Prototypes
- Design System

UX Designer for Philips (Contract)

Feb 2017 - May 2017 | 4 months

I designed a health education service program for kindergarten school teachers to educate students about common illnesses.

I was responsible for creating:

- Storyboards
- Low-fi and High-fi Mobile Prototypes
- User Testing Plan and Materials

UX Designer for Fiat Chrysler Automobiles (Contract)

Jan 2017 - May 2017 | 5 months

I designed and envisioned a MR mobility app to showcase the future perception of mobility interaction in 2050. I was responsible for creating:

- POC Video
- User Research Plans and Analysis
- Low-fi and High-fi Wireframes
