

# PLATESCRAPE

The easiest way to pre-sanitize plates off site.

# Tired of Scrubbing Dirty Plates?

We were too.  
That's why we invented the  
**PlateScrape**

# Introducing **PlateScrape!**

Scrape away food soil in half the time!

Easily pre-sanitize  
**+600 Plates**  
with a single fill.

# PlateScrape makes pre-sanitization as easy as One, Two, Three.

## 1. Fill

Simply **fill** with water and soap.

## 2. Scrape

**Slide** dirty plates through the interlocking brushes.

## 3. Clean

Plates go in dirty and come out **clean** and ready for sanitation.

# People Loving PlateScrape

**“Love it!”**

*It cuts the clean time of scraping dishes down to hardly anything.*

**SLO Party Rental's**

**“Wonderful addition”**

*to our events, makes the rental cleanup quick and easy!*

**Heavenly Creations**

**“Made it easy”**

*after using the PlateScrape we wouldn't go back to any other method of pre-sanitizing plates.*
