Product code	Color	Dimension		
16-0030	Grey	1100/1800 x 22 mm	Rekola Reflex extendable handle	500 grs
Packed	1 pcs			
Where:	Glass or and sealed hard top balustrades or similar for safe cleaning results: e.g. shopping malls, auditoria, public building, etc.			
How:	In conjunction with Rekola Reflex swiveled squeegee.			
	The Rekola Reflex Extendable handle with swivel has a flexible height adjustable turn-lock. By adapting the Rekola Reflex Extendable handle in length and securing the safety-line to operator's belt, the tool can be operated safely with a damp UMF cloth on the backside of the balustrade wiping up and down.			
Mount:	<p>Right handers*: Together with the Rekola Reflex squeegee the Rekola Reflex extendable handle with swivel forms an ergonomic utensil for cleaning in lap mode. Unscrew the collar from the Rekola Reflex squeegee and slide on to the handle with swivel. Bend lid backwards so that handle can penetrate into the swivel. Observe the position, that the blocker inside the swivel slides into the cap of the handle.</p> <p>Release lid and turn collar firmly back on the squeegee. Adjust the swivel after the cloth is mounted to the optimal working angle.</p> <p>Ready for use.</p> <p>*reverse process for left handed users</p>			
Demount:	<p>Right handers*: Unscrew collar and bend lid of the Rekola Reflex squeegee backwards. Pull out the Rekola Reflex extendable handle with swivel.</p> <p>*reverse process for left handed users.</p>			

REKOLA

Maintenance	
Ergonomics:	Because of the angle the operator does not need to bend over the balustrade but can clean with a straightened back, no risk of losing balance. The supplied security line to the handle makes sure nothing will drop down if connected to the operator.
Cleaning:	We recommend cleaning the tool after use and before being stored for next use.
Disposable:	Rekola Reflex extendable handle with swivel made of aluminum and synthetics and made out of virgin materials: may be used for recycling programs.
Components	
handle	
16-0030	Upper tube a. 26 mm and lower tube 22 mm, made out of virgin aluminium.
