## Rekola Reflex swivel locker

Product code	Color	Dimension	
13-0110013	Green	55 x 55 x 57 mm	<b>Rekola Reflex</b> Swivel locker for squeegee 480 grs
<b>Packed</b>	1 pcs non packed box		bulk packed per transport
<b>Where:</b>	For cleaning of walls and ceilings, when it is more convenient to block the swivel function on the squeegee.		
<b>How:</b>	In conjunction with <b>Rekola Reflex</b> swiveled squeegee.		
	<b>Rekola Reflex</b> swivel locker can be on the handle all the time for standby when needed. Once pushed into position the squeegee can be used for cleaning walls or ceilings. The locker is not in the way during mounting the cloth to the squeegee.		
<b>Mount:</b>	For fixing the swivel, the locker's legs are pushed down over the swivel part of the squeegee, blocking the up and down function.		
<b>Demount:</b>	Pull up the swivel lock, turn it 90 degrees and push down on the locker again. Now the swivel is no longer fixed. In any position the locker does not make any noise while unused.		
<b>Maintenance</b>			
<b>Ergonomics:</b>	The simple solution of blocking the swivel on the <b>Rekola Reflex</b> squeegee makes it easy and comfortable to clean wall and ceilings.
