REKOLA

| Maintenance | |
|---|---|
| Ergonomics: | The unique combination of Ultra Microfiber and the pressure to the surface created by the shape of the tool, allows cleaning without putting any additional force to the tool during cleaning. |
| Cleaning: | We recommend cleaning the tool after use and before being stored for next use. |
| Disposable: | Rekola Reflex squeegee is made of pure synthetic: may be used for recycling programs; or because of their high energy value and with no emissions other than CO ₂ and water can be safely disposed by controlled energy-supply programs. |
