Product code	Color	Dimension		
16-0020	Grey	1000/1800 x 22 mm	Rekola Reflex extendable handle	400 grs
Packed	1 pcs pp bag		20 pcs 1-pack per transport box	
Where:	All smooth and sealed hard top floorings for hygienic cleaning results: e.g. healthcare, nursery, school, university, office, public building, food industry, hospitality, residential, pharmaceutical and cleanroom areas.			
How:	In conjunction with Rekola Reflex swiveled squeegee			
	The Rekola Reflex Extendable handle has a flexible height adjustable turn-lock. By adapting the Rekola Reflex Extendable handle in length up to nose-level of user, while Rekola Reflex squeegee is on the ground.			
Mount:	<p>Right handers*: Together with the Rekola Reflex squeegee the Rekola Reflex extendable handle forms an ergonomic utensil for cleaning in S-curve mode. Unscrew the collar from the Rekola Reflex squeegee and slide on to the handle. Bend lid backwards so that handle can penetrate into the swivel. Observe the position, that the blocker inside the swivel slides into the cap of the handle. Release lid and turn collar firmly back on the squeegee. Ready for use.</p> <p>*reverse process for left handed users.</p>			
Demount:	<p>Right handers*: Unscrew collar and bend lid of the Rekola Reflex squeegee backwards. Pull out the Rekola Reflex extendable handle.</p> <p>*reverse process for left handed users.</p>			

REKOLA

Maintenance	
Ergonomics:	By adjusting the length the most ergonomic working position can be achieved. During use place the right hand on top of the grip while left hand is guiding the tool into S-Curve. No pressure or force are needed.
Cleaning:	We recommend cleaning the tool after use and before being stored for next use.
Disposable:	Rekola Reflex extendable handle made of aluminum and synthetics and made out of virgin materials: may be used for recycling programs.
Components	
handle	
16-0020	Upper tube a. 26 mm and lower tube 22 mm, made out of virgin aluminium.
