

Database Administrator

If you are looking for a new challenge and like a high-energy environment working with innovative technologies, then you'll fit right in at Vocantas. At Vocantas, we value team-work and innovation.

Vocantas is growing, as the demand for our proven successful products has increased. So we need you! A high energy, detail oriented Database Administrator (DBA). Vocantas is looking for an experienced DBA to join our team on a permanent basis. The ideal candidate will combine a true passion for technology with a deep desire to ensure that customers always come first.

In a small team environment, you'll wear many hats and creative ideas will be seriously considered at all levels, including new product features, new development tools and techniques, new software architectures, etc.

Essential Duties and Responsibilities:

- Install and configure MSSQL instances
- Optimize server and database settings for performance
- Monitor and maintain system health and security
- Design backup and maintenance processes
- Establish a disaster recovery protocol
- Schedule and perform regular server maintenance
- Fine tune indexing for optimal performance
- Participate in product design to ensure the architecture reflects best practices with respect to database

Necessary Skills & Experience:

- 5+ years professional experience, including technical support
- Advanced knowledge of database structure and theory
- Extensive experience with MSSQL
- Experience with database server maintenance and monitoring
- Knowledge of server clusters and redundancy
- Understanding of disaster recovery and database backup procedures
- Familiarity with performance optimization and indexing tools
- Understanding of programming techniques for DB access
- Understanding of DB design principles, tools and documentation
- Ability to work independently with minimal supervision and assistance
- Degree in a computer science or related discipline
- Excellent verbal and written communication skills
- Team player
- Self-starter with excellent problem-solving skills
- Good analytical and troubleshooting skills
- Ability to multi-task and work independently

Please forward all resumes in Word or pdf format as well as desired compensation, in the subject line to careers@vocantas.com.

We thank all applicants for their interest but only those selected for an interview will be contacted directly. No phone calls please.
