

# Employee Symptom Tracker™

## Track Your Workforce During COVID-19

Vocantas, a North American company with over 15 years of experience working with healthcare providers offering secure automated communications to administer staff scheduling, callouts and SMS transmission, has an easy to use solution to help businesses satisfy the government's new COVID-19 requirements.

Various levels of governments have set new mandates and guidelines for employers to follow as establishments begin to reopen after months, due to COVID-19. Under guidelines, employers have the duty to keep workers and workplaces safe and free of hazards. This mandate has been extended to include keeping workers safe from exposure to COVID-19 through employee symptom tracking.

### Features Include:

- Secure web portal with unique login
- Real-time alerts and immediate responses by email or web portal and SMS
- Compatible with any mobile phone or landline
- Available in multiple languages
- Gather employees responses BEFORE arriving to the workplace

# How It Works

1

Employees call or text a phone number

2

Employee answers a series of questions

3

Responses are available in real time to the employer on a secure webpage with unique login

Vocantas is here to help. During the COVID-19 outbreak, we all need to do our part to keep workers, customers and the public safe and healthy so we can stop the spread and reopen safely.
