What Our Parents are Saying about Greenwood Christian

When our daughter said, "I love God, my family, and my teachers at GCA," we knew we had made the right move by sending her to GCA.

We love how close knit GCA is. I have always said that it is like dropping my kids off with family.

Greenwood Christian Academy is the best kept secret in Williamsburg. They have provided our girls with the best Christian Education any parent could ask for, from pre-school through elementary. Our children have grown both academically and spiritually through the guidance of the GCA teachers and staff.
