**Sturdy, Secure and
Easy to Operate Dispensers
NOW AVAILABLE in 2 Models!**

2 column coin slide operated soap vender

Model Number 294 soap

Features

The 294 is a 2 column coin slide operated vending machine that is perfect for any laundry room. The vender has a 46 vend capacity. This vender features ESD or Greenwald Vertical 5 coin slides enabling you to set a \$2 vend price.

The cabinet offers a hinged guard style door with high security locks, a large plexi-glass product display area, and a locked cash box. The package weights lock out the vend cycle when the column is empty to cut down on user abuse.

The locked cash box allows product refilling without access to coins.

Product dimensions

286mm wide x 959mm high x 241mm deep

Capacity

46 boxes (23 per column)

Weight
