

Bright Eyes

by Joe Cook, *Awoke & Raised*

Verse 1

Those bright eyes,
Tell all the stories of a thousand live
Lived in the dark of the darkest night,
Lived in the dark of the darkest night
Those bare feet,
Tell the stories of a thousand miles I've seen
Walking in the streets where the mud runs red,
Walking in the street where the mud runs red

Chorus

I won't lose hope I won't lose sight
Even if I come to the end of the road
Even if my eyes go blind
I won't lose faith, I won't waste time
I know the one who will carry me home
I know the one who gave me life

Verse 2

Those bright smiles,
Tell story of a love that is deep and wide
Found in a place where you just service,
Found in a place where you just survive
Those sweet songs,
Tell the story of a thousand rights from wrongs
Redeemed in the streets where the mud runs red,
Redeemed in the streets where the mud runs red

Chorus

I won't lose hope I won't lose sight
Even if I come to the end of the road
Even if my eyes go blind
I won't lose faith, I won't waste time
I know the one who will carry me home
I know the one who gave me life

Bridge

Those darkest nights won't steal my light
Those red mud streets can't take this life (2x)
