

## Bones

by Joe Cook, *Awoke & Raised*

### Chorus

**E** Call out to these bones and they'll stand up again  
**C#m** Sewn together with sinew, wrapped up in skin  
**C#m** The Valley of the Shadow will loosen its grip  
**B** When I breath in the life and dust off the sin  
**A** Call out to these bones, call out to these bones  
**B** Call out to these bones, they'll stand up again

### Verse 1

**A** Cause you seen the bones where broken men lie  
**E** Scattered and wasted and emptied of life  
**C#m** But I've seen beyond what lies in the grave  
**B** Stood in the darkness until I heard my name

### Chorus

**E** Call out to these bones and they'll stand up again  
**C#m** Sewn together with sinew, wrapped up in skin  
**C#m** The Valley of the Shadow will loosen its grip  
**B** When I breath in the life and dust off the sin  
**A** Call out to these bones, call out to these bones  
**B** Call out to these bones, they'll stand up again

### Verse 2

**A** If the wages of sin is death, then I guess my way got paid  
**C#m** Looked like death was my master, like it made me a slave  
**C#m** But I stood in the darkness until I heard my name.
