

The One We've Been Waiting For

by Joe Cook, *You Are the One We Are Waiting For*

Verse 1

I watched you turn water into wine
Walk on the sea and speak to the storm
And the waves fell down, but I still had doubts
I saw you raise a man from the dead
After 4 days down and all you said
Was come on out, but I still had doubts

Verse 2

I saw you look straight in the eyes
Of a man who we all knew was blind
And you said it's alright, you can have your sight
I saw you sleeping through the storm
While the wind and waves were crashing
In on us, and you didn't even wake up

Pre-Chorus

But there is something beyond what I've seen
That makes me believe
There is something beyond what I've heard
Makes me so sure

Chorus

You are the one we've been waiting for,
You are the one who will rescue us all
You are the one we've been waiting for
You are the one who will lead us on
