

## **Lion**

by Joe Cook, *You Are the One We Are Waiting For*

### *Verse 1*

You can't keep this lion in a cage  
He breaks down the doors  
and crashes through the gates  
You can't keep this tiger on a chain  
He rips through the walls  
And tears through the pain

### *Bridge 1*

Let the blind man come  
Let the wild ones come

### *Chorus*

Cause I'm the doctor and I am the cure  
I'm the author and I am the source  
I'm answer and I am the door  
I'm the ever and I am the more

### *Verse 2*

You can't keep this fire in a box  
Cause it burns through the roof  
And cuts off the locks  
You can't keep this water in a jar  
Cause it blows off the lid  
And washes all the scars

### *Bridge 2*

Let the children come  
Let the humble come  
(Chorus)  
(Outro)  
You can't keep this lion cage  
No you can't keep this lion in a cage
