

## **Walls**

by Joe Cook, *You Are the One We Are Waiting For*

### *Verse 1*

**D**

You can lock all the doors but you can't keep Him out

**G**

He just walks through the walls when he wants to send you out

**Bm      A      G**

He walks right through the walls

### *Verse 2*

You can hide up in the attic and turn off all the lights

But make sure that stay there 'til he sends his fire

Cause He'll walk right through the walls

### *Chorus*

**Bm      A      G**

I won't bend for the shadows or the darkness

I won't run from these flashes of light

I won't hide in the closet from these monsters

Cause I've seen the way, truth and the light.

### *Verse 3*

You can put Him in a box and wrap him up tight

And seal Him with a stone and leave him for the night

But He'll walk right through the walls

### *Verse 4*

You can keep him your book and try to turn the other page

But if you let him in your heart get ready for the change

He'll walk right through your walls
