**BBQ FINE PRINT:**

1. The combination of smoke and proteins creates a pink hue in the meat - the chicken is cooked!
2. Because the smoker is never hot (it runs between 150°F and 325°F), the food is never served hot.
3. Due to the nature of BBQ and the low'n'slow method, once we're out of meat, we're out for the day, sorry...
4. We have the option of a gluten free fryer! Please inform your server of any allergies.
