

Eddie Shrake

Product Designer

After refining my visual design skills over the years, it's time to move beyond merely aesthetics and create things with purpose.

My vision is to design experiences that make an impact on the world.

Experience

Hustle *Senior Product Designer*

Sept. 2018 – January 2019

Elevating the UX and UI of the leading peer-to-peer text messaging platform for Non-Profits, Politics, and Education.

MealPal *Lead Product Designer*

October 2017 – April 2018

Defined user needs and business objectives to realize a complete redesign of both the MealPal iOS app + desktop platform, positively impacting retention. Increased conversions and accelerated growth by overhauling the new user sign up flow and marketing landing pages. Recruited, hired, and managed marketing design team.

NYC Dept. of Education *UX Consultant*

March 2017 – April 2017

Partnered with the DoE's product team to conduct user research to provide UX and feature recommendations for School Finder NYC, a web-based application serving over 80,000 students.

Visually + ScribbleLive *Senior Brand Designer*

June 2015 – Nov. 2016

Spearheaded two successful company-wide rebrands for Visually and ScribbleLive as creative lead. Redesigned both brands from the ground up, including new style guides, a new website, wireframes, sales and marketing collateral, and new logo.

Asana *Freelance Designer*

Sept. 2014 – Sept. 2015

Worked closely with Asana's marketing and communication design teams as their go-to designer, conceptualizing, designing and executing various brand projects.

Ticketfly *Senior Designer*

February 2012 – June 2014

Led creative as Ticketfly's first hired in-house designer, providing and strengthening creative services across Marketing, Sales, Product and Client Services.

Elton Designs *Graphic Designer*

June 2007 – Nov. 2010

Played vital role as part of a small creative team providing innovative solutions and strategies directly to clients in a fast-paced studio environment.
