

ALBANY

TRANSFORMER BOX & SILO VIEWING LOCATIONS

1

Boatshed Carpark
Princess Royal Drive

2

The Old Town Jetty, near Due South, Princess Royal Drive

CBH Group's Albany Grain Terminal is a working site, and for your safety, access to the terminal and port is prohibited. The designated locations to safely see the action unfold are the Boat Shed carpark off Princess Royal Drive or the Old Town Jetty at the marina. You can check out these viewing locations outlined on the map in blue.

This March, FORM's PUBLIC Silo Trail is bringing its program of street art and silos to Albany. International duo Yok and Sheryo will create an epic mural across CBH Group's Albany Grain Terminal, and Western Australian artists Andrew Frazer, Glenn Hegedus, Helen Ansell, Nick Zafir, and Rachelle Dusting will be creating works of art on Western Power transformer boxes across town.

Watch the transformation happen in the heart of your city, follow @formwa on Facebook, Instagram, or Twitter, share your own photographs of the transformation with the hashtag #publicsilotrail and stay tuned at publicsilotrail.com.
