NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

New Accounting Pronouncement

In August 2016, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2016-14, Not-for-Profit Entities (Topic 958): Presentation of Financial Statements of Not-for-Profit Entities whereby significant changes were proposed in seven areas: net asset classes, liquidity and availability of resources, classification and disclosure of underwater endowment funds, expense reporting, statement of cash flows, investment return, and release of restrictions on capital assets. The amendments in ASU No. 2016-14 are effective for annual financial statements issued for fiscal years beginning after December 15, 2017. The Charter began the implementation of the provisions of Financial Accounting Standards Board Accounting Standards Update (ASU) 2016-14, Not-for-Profit Entities (Topic 958): Presentation of Financial Statements of Not-for-Profit Entities as of fiscal year 2018-19.

The new standard changes the following aspects of the Charter's financial statements:

- The temporarily restricted and permanently restricted net asset classes have been predominantly combined into a single net asset class called net assets with donor restrictions.
- The unrestricted net asset class has been transferred into net assets without donor restrictions.
- Investment earnings and related expenses have been combined into a single net activity line item called net investment return.
- The financial statements include a new disclosure about liquidity and availability of resources (Note 3).

Reporting Entity

New Opportunities Charter School (the "Charter") was formed as a nonprofit public benefit corporation on June 17, 2013 for the purpose of operating as a California public school located in Los Angeles County. The Charter was approved by the State Board of Education on July 1, 2013 as California Charter No. 1557. During the year ended June 30, 2018, the Charter served grades 9-12. Funding sources primarily consist of local control funding formula (LCFF) state apportionments, in lieu of property tax revenues, and grants and donations from the public.

Basis of Accounting

The Charter's policy is to prepare its financial statements on the accrual basis of accounting; consequently, revenues are recognized when earned rather than when cash is received and certain expenses and purchases of assets are recognized when the obligation is incurred rather than when cash is disbursed.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Financial Statement Presentation

The Charter is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. Unrestricted net assets include all resources available for use by the Board of Directors and management's discretion in carrying out the activities of the Charter in accordance with its Bylaws. Temporarily or permanently restricted net assets are only expendable for the purposes specified by the donor or through the passage of time. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets. Permanently restricted net assets are generally required to be held by the Charter in perpetuity while the earnings on those assets are available for use by the Charter to support operations. Donors can place restrictions on the earnings from permanently restricted contributions at the time the contributions are made or pledged. Fund accounting is not used in the Charter's financial statement presentation.

Functional Expenses

The costs of providing services have been summarized on a functional basis in the statement of activities and detailed in the statement of functional expenses. Certain costs and expenses have been allocated between program and supporting services based on management's estimates.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures, such as depreciation expense and the net book value of capital assets. Accordingly, actual results could differ from those estimates.

Cash and Cash Equivalents

The Charter considers all highly liquid deposits and investments with an original maturity of less than ninety days to be cash equivalents.

Deferred Revenue

Deferred revenue arises when potential revenue does not meet the criteria for recognition in the current period and when resources are received by the Charter prior to the incurrence of expenses. In subsequent periods, when both revenue recognition criteria are met, the liability for deferred revenue is removed from the statement of financial position and revenue is recognized.

In Lieu of Property Taxes Revenue

Secured property taxes attach as an enforceable lien on property as of March 1. Taxes are payable in two installments on December 10 and April 10. Unsecured property taxes are payable in one installment on or before August 31. The County bills and collects the taxes for the authorizing agency. In lieu of distributing funds out of property tax proceeds, the authorizing agency makes monthly payments to the Charter. Revenues are recognized by the Charter when earned.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Contributions

Contributions that are restricted by the donor are reported as an increase in unrestricted net assets if the restriction expires in the reporting period in which the revenue is recognized. All other donor restricted support is reported as an increase in temporarily or permanently restricted net assets, depending on the existence or nature of any donor restrictions.

Non-cash contributions of goods, materials, and facilities are recorded at fair value at the date of contribution. Contributed services are recorded at fair value at the date of contribution if they are used to create or enhance a non-financial asset or require specialized skills, are provided by someone possessing those skills, and would have to be purchased by the Charter if not donated.

Income Taxes

New Opportunities Charter School is a 170(b)(1)(A)(ii) publicly supported nonprofit Charter that is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code and classified by the Internal Revenue Service as a public charity. The Charter is exempt from state franchise or income tax under Section 23701(d) of the California Revenue and Taxation Code. As a school, the Charter is not required to register with the California Attorney General as a charity.

The Charter's management believes all of its significant tax positions would be upheld under examination; therefore, no provision for income tax has been recorded. The Charter's information and/or tax returns are subject to examination by the regulatory authorities for up to four years from the date of filing.

Fair Value Measurements

The Fair Value Measurements Topic of the FASB *Accounting Standards Codification* establishes a fair value hierarchy that prioritizes inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

NEW OPPORTUNITIES CHARTER SCHOOL
Notes to Financial Statements
June 30, 2019

NOTE 2 – CASH AND CASH EQUIVALENTS

Cash and cash equivalents as of June 30, 2019, consist of the following:

Cash in banks	\$ 3,007,469
Total cash and cash equivalents	\$ 3,007,469

Cash and cash equivalents as of June 30, 2018, consist of the following:

Cash in banks	\$ 3,411,607
Total cash and cash equivalents	\$ 3,411,607

Cash in County Treasury

The Charter is a voluntary participant in an external investment pool. The fair value of the Charter's investment in the pool is reported in the financial statements at amounts based upon the Charter's pro-rata share of the fair value provided by the County Treasurer for the entire portfolio in relation to the amortized cost of that portfolio. The balance available for withdrawal is recorded on the amortized cost basis and is based on the accounting records maintained by the County Treasurer.

Cash in County Treasury, continued

Except for investments by trustees of debt proceeds, the authority to invest Charter funds deposited with the county treasury is delegated to the County Treasurer and Tax Collector. Additional information about the investment policy of the County Treasurer and Tax Collector may be obtained from its website. The table below identifies examples of the investment types permitted in the California Government Code:

Authorized Investment Type	Maximum Remaining Maturity	Maximum Percentage of Portfolio	Maximum Investment in One Issuer
Local Agency bonds, Notes, Warrants	5 years	None	None
Registered State Bonds, Notes, Warrants	5 years	None	None

Joint Powers Authority Pools	N/A	None	None

NEW OPPORTUNITIES CHARTER SCHOOL
Notes to Financial Statements
June 30, 2019

NOTE 2 – CASH AND CASH EQUIVALENTS, continued

Cash in Banks – Custodial Credit Risk

Custodial credit risk is the risk that in the event of a bank failure, an organization’s deposits may not be returned to it. The Charter has adopted a cash management policy that addresses investment options as well as actions to be taken in the event that deposits exceed FDIC insurance limits. The FDIC insures 100% of non-interest bearing accounts and up to \$250,000 per depositor on interest bearing accounts per insured bank. The California Government Code also requires that a financial institution secure deposits made by State or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under State law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110 percent of the total amount deposited by the public agency. California law also allows financial institutions to secure public deposits by pledging first trust deed mortgage notes having a value of 150 percent of the secured public deposits and letters of credit issued by the Federal Home Loan Bank of San Francisco having a value of 105 percent of the secured deposits. As of June 30, 2019 and 2018, the Charter’s bank balances were exposed to custodial credit risk as there were deposits over \$250,000, the amount exceeding \$250,000 was collateralized with securities held by the pledging financial institution's trust department or agent, but not in the name of the Charter.

NOTE 3 – LIQUIDITY AND AVAILABILITY OF FINANCIAL ASSETS

The following reflects the Charter’s financial assets as of the statement of financial position date, reduced by amounts not available for general use because of contractual or donor-imposed restrictions within one year of the statement of financial position date. Amounts not available include amounts set aside for program services that could be drawn upon if the Board approves that action.

NOTE 5 – RELATED PARTY TRANSACTIONS

Authorizing Agency

New Opportunities Charter School is authorized to operate as a charter school through Centinela Valley Union High School District (the "authorizing agency"). On March 5, 2013, the Board of Directors of Centinela Valley Union High School District approved a charter renewal for the Charter for a 5 year term beginning July 1, 2013 and expiring on June 30, 2018. On November 14, 2017, the Board of Directors of Centinela Valley Union High School District approved a charter renewal for the Charter for a second 5 year term beginning on July 1, 2018 and expiring on June 30, 2023.

On August 21, 2014, the Board of Directors of the Charter approved a charter management agreement with EdTec Inc. to provide administrative function services to the Charter.

On November 14, 2017, the Board of Directors of Centinela Valley Union High School District approved a charter renewal for the Charter for a second 5 year term beginning on July 1, 2018 and expiring on June 30, 2023.

NOTE 6 – EMPLOYEE RETIREMENT PLANS

Qualified employees are covered under multiple-employer defined benefit pension plan maintained by agencies of the State of California. Certificated employees are members of the California State Teachers' Retirement System (CalSTRS) and non-certificated employees are covered by an alternative plan.

California State Teachers' Retirement System (CalSTRS)

Plan Description

New Opportunities Charter School contributes to the California State Teachers' Retirement System (CalSTRS), a cost-sharing multiple-employer public employee retirement system defined benefit pension plan administered by CalSTRS. The plan provides retirement, disability and survivor benefits to beneficiaries. Benefit provisions are established by state statutes, as legislatively amended, within the State Teachers' Retirement Law. CalSTRS issues a separate comprehensive annual financial report that includes financial statements and required supplementary information. Copies of the CalSTRS annual financial report may be obtained from CalSTRS, 7667 Folsom Boulevard; Sacramento, California 95826.

Funding Policy

Active plan CalSTRS 2% at 60 and 2% at 62 members are required to contribute 10.25% and 9.205% of their salary for fiscal year 2019 and 2018, respectively, and the Charter is required to contribute an actuarially determined rate. The actuarial methods and assumptions used for determining the rate are those adopted by CalSTRS Teachers' Retirement Board. The required employer contribution rates for fiscal years 2019 and 2018 were 16.28% and 14.43% of annual payroll, respectively. The contribution requirements of the plan members are established by state statute. Contributions to the plan from the Charter were \$320,677 and \$261,095 for the years ended June 30, 2019 and 2018, respectively.

On-Behalf Payments

The State of California makes direct on-behalf payments for retirement benefits to CalSTRS on behalf of all school agencies in California. The amount of on-behalf payments made for the Charter is estimated and recorded as \$350,235 and \$130,318 at June 30, 2019 and 2018, respectively.

Alternative Plan

As established by federal law, all public sector employees who are not members of their employer's existing retirement plan (CalSTRS) must be covered by social security or an alternative plan. The Charter uses social security as their alternative plan.

NOTE 7 – DONATED MATERIALS AND SERVICES

During the year, many parents, administrators and other individuals donated significant amounts of time and services to the Charter in an effort to advance the Charter's programs and objectives. These services have not been recorded in the Charter's financial statements because they do not meet the criteria required by generally accepted accounting principles.

NEW OPPORTUNITIES CHARTER SCHOOL
Notes to Financial Statements
June 30, 2019

NOTE 8 – COMMITMENTS AND CONTINGENCIES

Governmental Funds

The Charter has received state and federal funds for specific purposes that are subject to review and audit by the grantor agencies. Although such audits could generate expenditure disallowances under terms of the grants, it is believed that any required reimbursements would not be material.

NOTE 9 – SUBSEQUENT EVENTS

The Charter evaluated subsequent events from June 30, 2019 through December 4, 2019, the date the financial statements were issued. The District concluded that no subsequent events have occurred that would require recognition or disclosure in the financial statements.

Supplementary Information Section

NEW OPPORTUNITIES CHARTER SCHOOL

Charter Organizational Structure

June 30, 2019

New Opportunities Charter School, located in Los Angeles County, was formed as a nonprofit public benefit corporation on June 17, 2013 and approved by the State Board of Education on July 1, 2013. The Charter was authorized to operate as a charter school through Centinela Valley Union High School District. Classes began in 2013 for grades 9 to 12. The Charter's charter number is 1557.

Reconciliation of Financial Report – Alternative Form with Audited Financial Statements
For the Fiscal Year Ended June 30, 2019

There was no adjustment to the financial report – alternative form which required reconciliation to the audited financial statements at June 30, 2019.

Charter Organizational Structure

This schedule provides information about the Charter's authorizing agency, grades served, and members of the governing body, and administration.

Schedule of Average Daily Attendance

Average daily attendance (ADA) is a measurement of the number of pupils attending classes of the charter school. The purpose of attendance accounting from a fiscal standpoint is to provide the basis on which apportionments of state funds are made to charter schools. This schedule provides information regarding the attendance of students at various grade levels and in different programs. This schedule includes total ADA and ADA generated through classroom-based instruction by grade span.

Schedule of Instructional Time

This schedule presents information on the amount of instructional time offered by the Charter.

Reconciliation of Financial Report – Alternative Form with Audited Financial Statements

This schedule provides the information necessary to reconcile fund balance reported on the Financial Report – Alternative Form to net assets on the audited financial statements.

Other Independent Auditors' Reports

Opinion on State Compliance

In our opinion, New Opportunities Charter School complied, in all material respects, with the types of compliance requirements referred to above that are applicable to the state programs noted in the table below for the year ended June 30, 2019.

Procedures Performed

In connection with the audit referred to above, we selected and tested transactions and records to determine the Charter's compliance with the state laws and regulations applicable to the following items:

Description	Procedures Performed
California Clean Energy Jobs Act	No, see below
After/Before School Education and Safety Program	No, see below
Proper Expenditure of Education Protection Account Funds	Yes
Unduplicated Local Control Funding Formula Pupil Counts	Yes
Local Control and Accountability Plan	Yes
Independent Study - Course Based	Yes
Attendance	Yes
Mode of Instruction	Yes
Nonclassroom-Based Instruction/Independent Study	Yes
Determination of Funding for Nonclassroom-Based Instruction	No, see below
Annual Instructional Minutes-Classroom Based	Yes
Charter School Facility Grant Program	Yes

The Charter did not receive or spend any California Clean Energy Jobs Act funds during the current year, therefore, we did not perform any procedures related to the California Clean Energy Jobs Act.

The Charter did not participate in the After School Education and Safety (ASES) Program during the current year, therefore, we did not perform any procedures related to the ASES Program.

The Charter did not generate ADA related to Nonclassroom – Based Instruction at the threshold percentage of total ADA required for testing during the current year, therefore, we did not perform any procedures related to the Determination of Funding for Nonclassroom – Based Instruction.
