

POTENTIAL SPONSOR LETTER

Inspiration Robotics of Northern California, "IRON Cal",
a California nonprofit public benefit corporation

Dear Potential Sponsor:

We would like to introduce FRC Team 4643 Butte Built Bots. Our team is located in the Hwy 70 Industrial Park complex, in Oroville, and is open to all high school students from the surrounding communities of Butte County. Our team competes in the FIRST (For Inspiration and Recognition of Science and Technology) Robotics Competition (FRC), see more at www.firstinspires.org. Each year we build a robot to overcome specific challenges set for the year's competition. We are allowed only six weeks to design, build and test a robot. Advisors and mentors from the community help students through the process of designing, fabricating and assembling a robot to best compete in the year's challenge.

The robot build season begins in January and competitions are in March and April. In the offseason, team members receive training for safe equipment usage, programming, electrical, pneumatics, CAD and many other areas. Throughout the year we perform demonstrations and presentations for organizations, local events, sponsors and local schools. In addition, Butte Built Bots promotes STEM learning at the middle and elementary school levels through the use of Lego Mindstorm robot kits by mentoring in after school activities and hosting a summer camp.

Our team is constantly looking for help, not only financially, but for volunteers with a background in education, engineering, and any other STEM field that wish to advise and mentor our thriving team. Butte Built Bots is confident that with combined financial and volunteer support from dedicated sponsors, the team will fulfill the required registration, material, equipment and travel costs. For more information about the team, we encourage visiting our website www.buttebuiltbots.org.

FRC 4643 Thunderbird Robotics is committed to promoting all our sponsors throughout the year. We have 5 levels of Sponsorship:

- **Friends of Butte Built Bots** - up to \$100
- **Silver** - \$100 to \$499. Sponsor will have its logo on team website.
- **Gold** - \$500 to \$999. Silver level plus logo on team uniform.
- **Platinum** - \$1,000 to \$4,999. Gold level plus logo on team robot and is a tax deduction to non-profit organization.
- **Diamond** - \$5,000 and up. Platinum level plus logo on team trailer.

Sponsorship is an investment in the future of each student and we truly appreciate it. For more information, please contact the Team Advisor, Jon Andrew by phone at 530-720-4443. Please email your logo to Jon Andrew at jandrew@ironcal.org.

Sincerely,

Jonathon Andrew
- FRC Team 4643 Butte Built Bots Lead Advisor
- IRON Cal Executive Director
