

Outstanding Generations Graduate

Rebecca Bell

Every year the Nonprofit Management Center recognizes an Outstanding Generations Graduate for their commitment, diligence, and exemplary work for the nonprofits of the Permian Basin. The 2020 Outstanding Generations Graduate is Rebecca Bell.

Rebecca Bell has worked at Midland College for 31 years. She currently holds the position of Executive Director of Institutional Advancement and the Midland College Foundation. As such, she oversees fundraising and development, donor relations, public relations, marketing & communications, special event coordination and donor-directed scholarships. She served as director of the Midland College Advanced Technology Center during the first 10 years of its operation. She has also taught business courses for the college.

Bell holds a master's degree from Webster University in St. Louis, MO and a bachelor's degree from Texas Tech University. She was a member of the Nonprofit Management Center's first "Generations" class and has served on the boards of Girl Scouts of the Permian Basin, Samaritan Counseling Center and United Way of Midland. Volunteering from an early age, Bell continues to serve countless nonprofit organizations in the Midland community.

In her spare time, Bell enjoys spending time with her family and Dollye, her Maltese/Poodle mix. One of her favorite pastimes is traveling throughout West Texas and the desert southwest. Her post-COVID project will be to visit the many restored historical hotels in West Texas.
