

GUNNERY TERRACE OFFICE FIT OUT

Project Name: Gunnery Terrace Office Fit Out, South East London

Contract Period: 16 Weeks

Description: APC Building Services were commissioned on a project involving the conversion of a listed warehouse building in the Royal Arsenal Estate in South East London. Works included the installation of a steel framed mezzanine floor with block and beam suspended floor, to enhance sound and reverberation between floors. Project involved the design and installation of mechanical and electrical components and installation of drainage and toilet blocks, meeting rooms and partitioning to office areas.
