

## FOOD INVESTMENT GARDENS (FIGs) AVAILABLE NOW!

### What is FIG?

**GRuB** builds raised-bed, double dug and custom gardens on a sliding-scale price based on your income and family size. All proceeds support GRuB's work with youth, veterans, food and community.

### Which FIG is right for me?

**Raised Bed FIG:** We build three 4' by 8' bed frames with untreated Douglas fir and fill them with a soil and compost blend. A 7' trellis is attached to one of the beds. The frames can be stacked to raise the bed to a height that can be managed by those with limited mobility.

**Double-Dug & Custom FIGs:** We will work with you to design and build a customized garden using the layout and materials of your choice whether in the ground or raised-bed. Please call to discuss options and pricing.

### Pricing

**FIG** pricing is on based on a sliding scale according to household size and income. Payment plans are available. Prices include the garden and up to 1 hour of phone and on-site consultation.

*Pricing is subject to change depending on the needs of your site.*

#### **Raised-Bed FIG Sliding Scale (Additional surcharge added for locations more than 15 miles from Olympia Airport)**
