“An exciting wonderful experience. Do it! If I can cycle it at nearly 72, so can you!”

Rosemary Dodson, Nightrider 2018 cyclist

About Nightrider

Nightrider showcases the capital in a totally different light, with its iconic sights magically illuminated. The action-packed night out includes the floodlit splendour of Big Ben, the London Eye, Buckingham Palace, St Paul's Cathedral and many more hidden gems. The ride starts and finishes from Lee Valley VeloPark.

Get together with friends and family or team up with work colleagues to make the night even more fun! Nightrider is not timed and is not a race. The routes are clearly signposted with regular break / toilet stops. Full support and back up is provided through the night and a well-earned breakfast and medal available at the finish line.

Nightrider is also taking place in Glasgow, Bristol and Liverpool in 2019.

Nightrider is operated by Classic Challenge, the originators of worldwide charity challenge events. Since 1992 we have helped raise over **£100 million** for hundreds of good causes.
