

## Everyone's Wilson Initiative - First Baptist Lebanon Partners with Jones Brummett Elementary!

Through the “Everyone’s Wilson” Ready Initiative, churches, non-profits, and businesses partner with local schools to help minister to teachers, staff and students. The three goals of the Everyone’s Wilson program are:

1. Help provide basic needs to students and staff (like undies for the kids, which we have done).
2. Establish a volunteer base for the schools so they can contact us when they need something special (like help in serving at a teacher appreciation luncheon, which we will do this week).
3. Train mentors to work with students and families (March 24, 6:30, Journey Church. Register at [everyoneswilson.org](http://everyoneswilson.org)).

We are excited to be chosen to partner with Jones Brummett Elementary, Lebanon’s newest and biggest school! They have over 650 students and 75 faculty and staff! What an awesome treat it is to be able to influence the lives of these precious children – many of whom are living in poverty. They all need our prayer, love, and support, even if their needs don’t show on the outside!

Here are some specific ways you can help as a class or individual:

- Give to JBE fund so we can supply clothes to the counselor's office for kids when they need them. We've also used funds to provide snacks and special things for the teaching staff.
- Help sort student papers and count for contests. We usually do this on Friday afternoons.
- Help in the cafeteria - cleaning, helping kids get their juice boxes open etc. You need to be fingerprinted before doing anything with the kids.
- State testing help as needed.
- Health screening help as needed.
- Any time: pray for teachers and staff; send encouraging notes too!

Random needs pop up throughout the year, so give your email address to Judy Land ([judy4land@gmail.com](mailto:judy4land@gmail.com) or 662-266-0444) and we'll let you know when there's a new opportunity to serve at JBE!

Thank-you!

Judy Land
