

IFW Digital Advertising Opportunities

The goal for our website is to provide a return on your online advertising investment. We will provide monthly performance reports for your campaign. We **optimize** our site to drive traffic and ensure high impressions to your online ads.

We focus not only on the overall site performance, but on the **engagement** of our site users: How long they spend on the site, how often they visit and how many pages they view.

Display ads are attention-getting and brand-building, as well as a cost-effective and simple way to complement your print advertising campaign. You can use a variety of formats in your display ads, including static, HTML5, expandable and video.

Take over a specific channel on our website and serve ads in all of our available placements with our Channel Takeovers. You'll get the impressions for an entire month on whatever channel you choose.
