

Automatic Systems TRS372 full height turnstile in Simply Gym's brand colours, Paxton access control and a CCTV monitor

Simply Gym Swindon East

Omega install a high security solution of full height turnstiles, CCTV and access control for Simply Gym's brand new 24 hour gym.

Background

Simply Gym is a chain of gyms across the UK. They are committed to offering high quality gym and fitness facilities at a fraction of the usual cost of health club membership. Simply gym pride themselves on the range of state-of-the-art facilities available and always ensure a great customer experience.

Situation

Omega have been working with Simply Gym for the past three years and have a multiple site contract with them. Simply Gym Swindon East is a brand-new gym open 24 hours. They provide a wide range of facilities including changing rooms and showers and state-of-the-art training equipment. With the gym being open 24 hours, it is important that the site has high quality and secure security systems.

The Solution

Omega installed a complete security set up in the gym. This included the TRS372 full height turnstiles created bespoke in Simply Gym's brand colours to match the aesthetic of the gym. This turnstile is designed to ensure high-security access to the facility and are manufactured by Automatic Systems, a world leader in the automation of secure entrance control. The solution also included Paxton access control, intruder alarm and help points, which allow the user to call for assistance quickly and

conveniently. Omega also installed a CCTV system with remote monitoring, ensuring gym customers can feel safe in the facility even in unmanned hours. Omega's system also integrates with Membr management software. Membr is an industry leading gym management software, with a focus on providing fitness professionals with a platform to engage, inspire and educate members. Servicing over 2 million members, across twenty plus countries world-wide. Features such as online exercise plans and health stats tracking helps to give members the support they deserve, while online bookings and payments make it easier for members to access gym services.

Outcomes and impact

The high security solution provided by Omega has empowered Simply Gym Swindon East to run 24 hours. The improved system ensures that customers are safe within the gym, during and outside of manned hours, whilst maintaining the ability for members to access the gym easily and efficiently.

Next steps

Omega Security Systems relationship with Simply Gym continues to grow and are working well together to ensure that the system works to its fullest ability.

Summary

Omega have provided a complete security set-up of CCTV, access control, help points and entrance control

The highly secure solution and has enabled Simply Gym Swindon East to stay open 24 hours

Omega have provided a bespoke solution with turnstiles that match Simply Gym's brand colours.

 Omega provide a very good, reliable and professional service. We have always been pleased with their work and would recommend them to anyone looking for security and access control solutions.
