

9130

For increased flexibility, the 9130-S-FM articulating pole mount features a 16" monitor arm extension. The articulating arm also offers a cable management system that allows cables to be tucked under the forearm extensions.

FEATURES

- Monitor tilter mechanism can tilt over 200 degrees.
- Features a 14" standard pole mount; custom pole lengths are available.
- Features adjustable tension at joints, ideal for touch-screen applications.
- VESA-monitor compatible – 75mm and 100mm VESA adapters included; please call for non-VESA options.
- Monitor arm includes FLEXmount® with six mounting options.
- Mount rotates 360 degrees at three joints.
- Monitor arm is ideal for slatwall mounting; can be combined with all Innovative mount options (sold separately).
- Optional upgrade to quick install/release monitor bracket; consult your sales rep for details.
