Softline Wear Mats

Is your playground safe?

Designed for use in loose fill (wood chips, sand etc.) playgrounds

Eliminates the risk of accidents on exposed base layer or clay, caused by migration of surfaces in heavy use areas

Easy to install; no mechanical fixings

Tested to meet CSA requirements for HIC and GMAX ratings

Made from 100% recycled tire

DETAILS:

Standard depth is 3" thick.

- Small Wear Mat - 4' x 4' (0.9m x 1.2m)
- Large Wear Mat - 6' x 3' (1.2m x 1.8m)

Please contact us to confirm pricing. Shipping and associated costs are additional.
