Product Manager

We're looking for an experienced **Product Manager** to join our agile team in Porto!

Who are we?

We develop high performance, big data, low latency systems for online marketing. We are an international company with offices in the US, Germany, Denmark, and a development team here in Portugal.

The Porto team is made up of a diverse set of folks from multiple backgrounds and expertise. If you want to know more, check out semasio.com and weirdmath.com.

What are we looking for?

We're looking for someone that'd love to:

- Lead end-to-end data integrations to improve our DMP offerings and grow revenue.
- Work closely with a team of engineers and data scientists to build best-in-class audience and identity products goals.
- Work closely with the Product Team and business stakeholders to ensure we are building user friendly, intuitive, and coherent product features.
- Build products to help our client’s transform their ideas and needs into user audiences.

It’s awesome if you have experience in:

- Managing and building audience and data products for advertising
- Building concepts and document product features requests.
- You are a highly motivated and flexible individual with the ability to lead cross-functional teams and drive projects to successful and timely delivery.
- You have experience with Scrum and agile development cycles.

What we can offer:

- Great and flexible working conditions
- Competitive salary with lots of benefits
- Chance to work on a leading-edge project
- Work right in the center of Porto (close to public transport)
- And all the other usual things – work from home, free snacks, team activities, **beers in the fridge**, and FIFA
