

Above it all, a roof says a lot about your home.

# Texture. Beauty. Strength.

Slate has adorned some of the most prestigious homes and buildings in the world. Our engineered slate replicates the beauty of natural slate in durable, easy-to-install shingles.

A roof plays a big part in the visual appeal of your home.

It makes up about a third of the exterior so the color, shape and texture should be compatible with your home's style. Our engineered slate roofing suits almost any home.

It offers the beauty and durability of quarried slate but it's easier to install and costs substantially less. It will enhance the appeal and value of your home for decades to come.

*Engineered to look better, longer.*

*Thick construction, deep grooves and realistic grain patterns combine to create dramatic shadows and visual richness.*

*Due to DaVinci's performance features, many insurance companies now offer reduced rates when switching from cedar or slate, especially in high wind-, fire- or hail-prone areas.*

#### VS. NATURAL SHAKE

*Unfortunately, the long-hailed performance attributes of cedar shake have disappeared along with old-growth trees. Rotting, cracking and curling is inevitable. In most climates, cedar shake has a lifespan comparable to (or even less than) asphalt. DaVinci composite tiles give you the look you love with superior durability for a lifetime.*

DaVinci roofing tiles are proudly manufactured in Lenexa, Kansas.

# WHAT'S BEHIND THE BEAUTY IS *Genius*

Every region of North America presents challenges to the exterior of your home. Mother Nature's fury is universal.

With the damaging effects of sun, hail, gale-force winds and freeze and thaw cycles, roofing materials are at odds with the weather

year-round. DaVinci's unique composite construction outperforms both natural slate and cedar shake with a Class A Fire Rating, Class 4 Impact Rating and a

110 MPH Wind Rating. But the real genius of a DaVinci roof lies in its ability to provide lasting beauty and a constant source of pride.

DaVinci roof tiles are constructed of a composite material made of pure virgin resins, UV and thermal stabilizers as well as a highly-specialized fire retardant. The result is a state-of-the-art tile that gives us the greatest degree of color control and consistency in the manufacturing process and an end product that endures beautifully in any climate.

#### VS. NATURAL SLATE

*Like a rock? Slate tiles are not immune to the ravages of time...or hail. Its tiny fissures make natural slate susceptible to damage caused by freeze and thaw cycles. DaVinci slate products defy the elements for decades of enduring and worry-free beauty.*

# *Our commitment TO COLOR*

Nobody offers you more color options than DaVinci—your only limitation is your imagination.

Our industry-leading standard color palette is just the beginning. As our name implies, our ability to blend colors and create drama is unparalleled. So whether you're selecting a single color or opting for one of our expertly-crafted VariBlends™, we've got you covered.

When it comes to bringing out the best in your home...leave it to DaVinci.

## **JUST LIKE NATURE**

DaVinci's proprietary VariBlend™ manufacturing process creates subtle color variations from one tile to the next. The nuanced shifts result in the most natural-looking composite roof you can buy.

*Our color blend options consist of as few as one to as many as eight individual colors to create a dynamic range of results.*

## *Introducing THE DAVINCI NATURE CRAFTED COLLECTION*

The DaVinci Nature Crafted Collection is our most ambitious foray into color development to date.

Our advanced technology has simulated the warmth and softness of a patina previously only created by time and exposure to the elements. Our Nature Crafted Collection captures the look of a moment and retains it for decades.

*Look for the Nature Crafted Collection symbol and experience the industry's most advanced color technology yet.*

## *Cool roofs*

## **BUILT TO BE COOL AND STAY THAT WAY**

DaVinci Cool Roof tiles reflect sunlight and heat away from the home. Higher emissivity and reflectivity rates lead to greater reductions in the cooling load and in return increase energy efficiency. Their ability to reduce the consumption of energy has earned them the designation of an ENERGY STAR® qualified product. Additionally, all Cool Roof designated colors meet Title 24 requirements for California.

*Look for the Cool Roof symbol for options that can increase energy efficiency in your home.*

**COLORMYROOF.COM**

## **THE TOP DOWN COLOR™ VISUALIZER**

See for yourself how your color options enhance your home's curb appeal. This powerful tool lets you upload an image and experiment with color combinations of roofing, trim and more.

## **TALK TO A COLOR EXPERT**

We want to help you be absolutely sure that your DaVinci roof is exactly what you envisioned.

Our color consultant will answer your color questions and offer advice to guide you through the process of choosing a color blend to complement your home beautifully.

*Email our color expert at  
coloradvice@davinciroofscapes.com*

## DAVINCI HAND-SPLIT SHAKE SIDING

*Expanding the legacy of beauty...*

The anticipation is over—DaVinci now offers Hand-Split Siding, which gives you the look you love with superior durability for a lifetime. The tile molds are created from authentic cedar shake, giving any home the beauty of real cedar without ongoing maintenance. The attributes of real wood disappear over time, whereas our siding tiles are resistant to mold, algae, fire, pests, impact, and salt air.

By bringing 20 years of proven performance to a new exterior application, we've engineered siding that stands up to whatever your home may endure. Unlike real cedar, Hand-Split Shake Siding does not curl, cup, or split; it is easy to install and never requires painting. The color you pick is the color you keep because the tiles are made of virgin resins fortified with state-of-the-art UV stabilizers. When you demand the beauty of authentic wood but require effortless upkeep, DaVinci is on your side.

*Inquire with your sales representative to learn more.*

*Thick construction, deep grooves and realistic grain patterns combine to create dramatic shadows and visual richness.*

## SELECT SHAKE ROOFING

*Making a great thing greater*

Along with the DaVinci reputation of durability and effortless upkeep, our Select Shake tiles imitate authentic cedar shake better than any other product on the market. The molds are created from real wood, giving your home the beauty of authentic cedar shake without the ongoing maintenance and upkeep. If your vision involves the look of traditional shake, these tiles are perfect for your project.

Our design doesn't stop at beauty—our Select Shake allows for faster installation and will withstand whatever Mother Nature brings to the exterior of your home. When you're looking for the beauty of real cedar with the lasting artistry of DaVinci, our Select Shake has your home covered.

*Learn more about Select Shake on page 27.*

## YOUR HOME WAS MADE FOR CEDAR OR SLATE

*DaVinci was made for your home*

### THIS IS FOR KEEPS

It's easy to fall in love with the look of natural slate or cedar shake. Their beauty is at the heart of many architectural styles, old and new. DaVinci gives you the look you want and so much more: resistance to impact, splitting and cracking as well as a Class A fire rating and the peace of mind that comes with a Lifetime Warranty.

## *Visual* VERSATILITY

DaVinci offers the beauty of natural slate and cedar shake in different tile options, giving you the ability to meet your aesthetic vision as well as respect your budget.

### MULTI-WIDTH

Our most authentic-looking and versatile option, DaVinci's Multi-Width tiles set the high mark for luxury. Laying tiles of multiple widths in a straight or staggered pattern creates the most natural, non-repeating appearance possible.

[MULTI-WIDTH SLATE](#) ..... Page 14

[MULTI-WIDTH SHAKE](#) ..... Page 24

### SINGLE-WIDTH

Single-width tiles add a budget-friendly touch of tradition to your home in either a straight or staggered pattern. The uniform tile size and impact-resistant composite construction work to reduce waste and speed up installation.

[SINGLE-WIDTH SLATE](#) ..... Page 16

[SINGLE-WIDTH SHAKE](#) ..... Page 28

### SELECT SHAKE

Created from real cedar profiles, Select Shake gives your home the beauty of authentic wood while remaining maintenance-free. The versatile design provides a worry-free, best-in-class roof that speeds up installation with the look of multi-width shake.

[SELECT SHAKE](#) ..... Page 26

### BELLAFORTÉ

The inspired engineering of Bellaforté makes uncommon beauty considerably more attainable. Its innovative design requires less overlap (reducing waste and cost), making it a stylish upgrade that won't bust the budget.

[BELLAFORTÉ SLATE](#) ..... Page 18

[BELLAFORTÉ SHAKE](#) ..... Page 30

## DAVINCI SLATE

Historically, attaining the luxurious look of natural slate hasn't been easy. The cost, the weight and the required army of skilled tradesmen made the installation process complicated and costly. Thanks to the genius of DaVinci, the look of slate is more viable than ever.

### MULTI-WIDTH

*Multi-width tiles provide the greatest degree of authenticity and flexibility.*

### SINGLE-WIDTH

*Single-width tiles reduce material and speed up installation time without compromising style.*

### BELLAFORTÉ

*The look of slate at a fraction of the cost and weight.*

Way BEYOND  
CURB APPEAL

#### CHARLESTON, SOUTH CAROLINA

Picturesque Charleston is no stranger to hurricanes and heat. In addition to some nasty storms and high winds, its hot muggy summers can produce thick rafts of moss.

# MULTI-WIDTH SLATE

*A perfect match.*

The picture of elegance. DaVinci's Multi-Width Slate delivers the highest levels of beauty without the typical challenges of a natural slate roof. Our tiles are engineered to be lighter, to resist impact and to maintain their color longer. It's hard to beat Mother Nature, but DaVinci has done it.

MULTI-WIDTH  
SLATE

# SINGLE-WIDTH SLATE

SINGLE-WIDTH  
SLATE

*It feels right.*

Some homes were created with the promise of a slate roof in mind. DaVinci's Single-Width Slate delivers on that promise with its astonishing versatility. Our single-width tile construction streamlines installation but still enables the flexibility of straight or staggered appearances.

## CREATING EXPOSURE

Straight or staggered tile coursing is a personal choice.

Although budget and architectural style will enter into the equation, personal preference is typically the final determining factor. With DaVinci Multi-Width and Single-Width tiles, you have the greatest ability to vary tile placement. Both Bellaforté Slate and Shake tiles must be installed at a 12" exposure.

Multi-Width and Single-Width Slate can be installed at 6", 7", 7 1/2" and 8" exposure.

Multi-Width, Single-Width, and Select Shake can be installed at 9" and 10" exposure.
