

Forest Preschool Interest Application

Imagine a school without walls, where the playthings are the materials of the forest and the curriculum is all around you. Lime Hollow Forest Preschool has done just that. We are a New York State licensed child care facility and an outdoor alternative to traditional indoor schooling. While children run, jump, splash, climb, dig, build and play, they are gently guided toward a deep love and respect for the earth, themselves and their community. Through outdoor immersion, children are mentored to form a deep connection to nature and to find their place in it.
