

CAMOUFLAGE CREATURES

Create your own camouflage creature! Look around your house and find a pattern on a pillow, blanket, rug or anything that catches your eye. Now, using the outlined animal below, try to mimic the pattern you found at home, and color the animal in that pattern. Once you're finished coloring, cut out your animal, put it on the item you copied, and see if your family can find your creature camouflaged against the original pattern.

Great Horned Owl
aka "The Tiger Owl"

Ceonothus Silk Moth

Western Fence Lizard
