FEMALE veterans who have experienced MST are more likely to suffer from PTSD, but less likely to seek help
-American Psychological Association-

FEMALE veterans ages 18-29 are 12 times more likely to commit suicide than non-veteran females
-Department of Veterans Affairs-

"As a female veteran myself, I am glad to know that G.I. Josie will provide inique services to women in need. Sometimes we just need time and space to heal, and G.I. Josie will provide that safe space."
-Casey Lucius, PhD., USN Retired-

"It's about damn time!"
-Lars Berg, 91 - WWII Veteran, USAF Retired-

"...The Blue Water Project for me is a time where I truly feel worry- and stress-free, where I can let go and just be in tune and living in the moment ..."

-Breana Edwards, USN, Veteran-

"Interaction with an animal just makes you more relaxed. You're connected with an animal, a living thing and that's all you're focused on."
