

This year's event features an exciting partnership with the First Tee of Clearwater.

First Tee professionals will share the game of golf and nine core values with a select group of Pinellas Urban League S.T.Y.L.E. students.

The **Summer Training in Youth Leadership & Employment** (S.T.Y.L.E.) Program is an eight-week, work-readiness, career development program offered during the summer to youth ages 14-16. Youth are provided training in the areas of Employability Skills, Leadership Development, Career Development and College Preparation through a series of activities, workshops, seminars, outings, classroom shadowing, and more.

Sponsor a S.T.Y.L.E. student for \$50 to participate in a First Tee Fundamentals of Golf & Core Values workshop focused on...

**Honesty | Integrity**

**Sportsmanship | Respect**

**Confidence | Responsibility**

**Perseverance | Courtesy**

**Judgment**

## Celebrating Our 41st Year of Service to the Pinellas County Community

### *About the Urban League...*

Founded in 1977, the Pinellas County Urban League is the premier social service and civil rights organization in the Tampa Bay area. We are one of the National Urban League's networks of non-profit, community-based affiliates located throughout the United States. The Urban League has been a member agency of United Way since 1981. As a community service organization, our focus areas are: Economic and Financial Empowerment, Education, Affordable Housing and Health Initiatives. On an annual basis, over 27,762 residents in Tampa Bay and Pinellas County receive services in the areas of education, youth development and crime prevention services, career development and employment, health services, weatherization and home energy assistance. Additionally, Americans 55 and older receive help in securing sustaining jobs through our Urban Seniors Jobs Program in Marion, Hernando, Sumter, Lake, Seminole and Pasco counties.

### *Our Mission...*

The mission of the Urban League is to enrich, enhance and serve the Tampa Bay communities through the leadership and resources of the Pinellas County Urban League by assisting African Americans and Others to increase their social inclusion, educational competitiveness and economic prosperity through advocacy, program services and research. This will help bridge social-economic barriers and promote new and strengthen relationships between our communities: public and private partnerships.
